RESPONSE

Commissioner of Patents
Washington, D.C. 20231

Sir:

This paper responds to the Office Action mailed June 7, 2002.

Pursuant to the requirement to elect a single enhanced combination of one compound of Group I with one cytotoxic agent, Applicants elect genistein, as compound of Group I, with vincristin, as cytotoxic agent. The election is made with traverse, to the extent that the requirement for election of species cannot be used as the basis for requiring subdivision of any claim.

The undersigned wishes to thank Examiner Goldberg for the instant Office Action, which allows time for complying with the election-of-species requirement.

Atty. Dkt. No.: P66243US0
Serial No.: 09/743,614

Favorable action is requested.

Respectfully submitted,

JACOBSON HOLMAN PLLC
